DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: applicant filed a proper Terminal Disclaimer on May 12, 2005, to overcome the double patenting rejection of January 11, 2005. Also, the limitations of "strongly encrypting and authenticating a game control sequence" at the apparatus and "strongly encrypting and authenticating game results" at the game, combined with "interpreting the received results in terms of a game-control rule" at the apparatus provides a novel approach to generating random results in a gaming apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Schneier et al. (US Patent No. 6,099,408), Eberhardt et al. (US Patent No. 5,398,932), and Koza et al. (US Patent No. 4,652,998).
